52	Rule 7.9.Note (iii)	Amend	<i>Note (iii): It is recommended that cones or some other visual markers are placed on both sides of the track at the point 10m from the finish so that guide-runners may visually identify the position at which they can release their athletes if so desired.</i>	Note (iii): It is recommended that Cones or some other visual markers (minimum height 0.2m) shall be are placed on both sides of the track at the point 10m from the finish so that guide-runners may visually identify the position at which they can release their athletes if so desired.	At this point in a race some guide runners are extremely taxed and are unable to distinguish the track marking that denotes the beginning of the 4 x 400 exchange zone. Not having cones or visual markers mandated is akin to not having cones at the break line for 800m races where the start is run in lanes.
52	Rule 7.13.Note i&ii	Correction	<i>Note(i): Upon request, Technical Delegate may permit an assistant to accompany the athlete to the start to set the blocks under special circumstances. The assistant shall withdraw from the field of play prior to the start of the race.</i> <i>Note(ii): To ensure a safe transfer for athletes in Sport Class T12, Technical Delegate may also permit an assistant to accompany the athletes through the Call Room up to the field of play. The assistant shall withdraw from the field of play prior to the start of the race.</i>	<i>Note(i): Upon request, the Technical Delegate may permit an assistant to accompany the athlete to the start to set the blocks under special circumstances. 64	Rule 17.7 Note (i)	Amend	<i>Note (i): Any motion by an athlete that does not include or result in the athlete's foot / feet losing contact with the foot plate(s) of the starting blocks, or the athlete's hand/hands losing contact with the ground, shall not be considered to be the commencement of the start. Such instances may, if applicable, be subject to a disciplinary warning or disqualification.</i>	<i>Note (i): Any motion by an athlete that does not include or result in the athlete's foot / feet losing contact with the foot plate(s) of the starting blocks (or where starting blocks are not used, the ground), or the athlete's hand/hands losing contact with the ground, shall not be considered to be the commencement of the start. Such instances may, if applicable, be subject to a disciplinary warning or disqualification.</i>	Due to involuntary muscle movement, it is not always possible for athletes in CP classes to remain motionless before the start. When starting blocks are not used, as long as such motion/movement does not result in foot (feet) or hand(s) losing contact with the ground, it shall not be deemed as a false start.
68	Rule 18.9	Amend	9. An athlete and/or the accompanying guide-runner who during the course of a race voluntarily leaves the track, the athlete will not be allowed to continue in the race and shall be recorded as not finishing the event. Should the athlete and/or his guide-runner attempt to re-enter or continue in the race the athlete shall be disqualified by the Referee.	An athlete and/or the accompanying guide-runner, who during the course of a race voluntarily leaves the track prior to the finish , the athlete will not be allowed to continue in the race and shall be recorded as not finishing the event. Should the athlete and/or his guide-runner attempt to re-enter or continue in the race the athlete shall be disqualified by the Referee.	Provide extra clarify in application.
69	Rule 19.1.Note	Correction	1. The position of the finish of a race shall be denoted by a white line 50mm wide. <i>Note: In the case of events finishing outside the stadium, the finish line may be up to 0.30m in width and maybe of any colour contrasting distinctively with the surface of the finish area.</i>	1. 70	Rule 19.4		4. In races for athletes in Sports Class T11 and T12 competing with a guide-runner then the athlete must reach the nearer edge of finish line in front of the guide-runner or the athlete will be disqualified.	4. In races for athletes in Sports Class T11 and T12 competing with a guide-runner then the athlete must reach the nearer edge of finish line in front of the guide-runner or the athlete will be disqualified. When photo finish is in use, the Chief Photo Finish Judge shall make this determination and apply any disqualification. In any other case, or where a Photo Finish image is not available, the Track Referee shall decide.	Provide clarity on responsibility of the Chief Photo Finish Judge.
72	Rule 20.16	Correction	16. In order to confirm that the camera is correctly aligned and to facilitate the reading of the Photo Finish image, the intersection of the lane lines and the finish line shall be coloured backed in a suitable design. Any such design must be solely confined to the intersection, for no more than 20mm beyond, and not extended before, the leading edge of the finish line. Similar black marks may also be placed on each side of the intersection of an appropriate lane and the finish line to further facilitate reading.	16. 73	Rule 20.22	Amend	22. In conjunction with his Assistants, the Chief Photo Finish Judge shall determine the placing of the athletes and, as a consequence, their official times. He shall ensure that these results are correctly entered in or transferred to the competition results system and conveyed to the Competition Secretary.	22. In conjunction with his Assistants, the Chief Photo Finish Judge shall determine the placing of the athletes and, as a consequence, their official times. He shall ensure that these results are correctly entered in or transferred to the competition results system and conveyed to the Competition Secretary. He shall also make any necessary determination and disqualification under Rule 19.4	
82	Rule 23.4	Added note as new		<i>Note: For wheelchair relays, the Local Organising Committee shall provide helmet socks to each team of a distinctive colour so as to be easily identified during the race.</i>	Even with different uniform colours, the sitting position of the athletes in their racing chairs doesn't help the track officials to identify which team is leading at the 200m point. With four distinctive colours for helmet socks, it will help track officials to easily identify leading athletes in the distance during the race for positioning of change-over orders in 4x400m.
86	Rule 23.19	Amend	19. In any relay race, when lanes are not being used, including when applicable, in 4x200m and 4x400m, waiting athletes/guide-runners can take an inner position on the track as incoming team members approach, provided they do not jostle or obstruct another athlete/guide-runner so as to impede his progress. 86	Rule23.20	Add as new		20. In any wheelchair relay race, when lanes are not being used, including when applicable, in 4x200m and 4x400m, waiting athletes will be allocated two adjacent lanes, in their order in accordance with Rule 23.17. The waiting athletes may use either of these two lanes but must remain in these two lanes until after the takeover has been completed. In wheelchair relay races waiting athletes cannot take up an inner position or any other position than in the two allocated lanes. If an athlete does not follow this Rule, his team shall be disqualified.
